Refer to reports to take on Pettah paupers separate accommo[dation] in separate Castes will shut out a lot. Make arrangements. Principle. Under these Mr Stanley Dreyer prepare to [illegible] in abeyance the resolution of [illegible] Board till suitable arrangements may be made by the Govt authorities for the accommodation of the female patients if such accommodation does not already exist in the Government Hospital. The municipality would from a purely financial point of view be justified in acting to this resolution

note

The question is a purely municipal one. The Maternity which was built by Yeke Mallappa Setty at a cost of 30000 Rs was made over to the Municipality for maintenance at 1800 Rs per annum in lieu of Police charges 1884. Those charges have now swollen to 4673 Rs when the City municipality declined to contribute towards the Gudlestone ward for incurables, 3 infirm old men from the Pettah were summarily turned out by the C & M. authorities from the Ward. The City municipality cant afford to spend such a large sum, as 4673 for a few Europeans & Eurasians from the C & M Station and as the municipality of the latter place decline to contribute anything they decided to deny

Admittance to patients
from the C & M. Station
There is a bitter feeling
in the Pettah that
Europeans & Eurasians
monopolise the in patients'
wards and render it
practically impossible
for respectable natives
to seek assistance there &
nothing but the assigning
of special quarters in
the Maternity for the
various communities
will allay this feeling.
If there has been no

The latter portion of the

adopted as an answer to
the refusal of the autho-

of the City Municipality
declining to contribute
towards the maintenance
of the Ward Apart from
this View of the question
the mere reduction of the
Budget provision and the
allotment of different —
portions

portions of the maternity to different castes would necessarily exclude most of the Cantonment inmates resorting to it Having regard to the fact that the maternity was built by a Bibi by merchant and was made over in 1883 to the Municipality in lieu of Police Charges to be maintained at a cost of — Rs ~~1,488 per annum, as~~ And owing ~~was as~~ to the paucity of funds for ~~roads and~~ roads & other Municipal requirements drainage the Board are perfectly justified in cutting down the expenditure of the institution

to Rs 2516. The Diwan, however, taking into consideration the inconvenience that may be caused ~~to the present~~ inmates of the Maternity by a sudden reduction of expenditure have, in exercise of their extraordinary powers of control, suspended the operation of the resolution during the 6 months ending 31st Dec 1894 within which time it is hoped the proposed extensions of the Bowring Hospital ~~now in progress~~ will be completed and provide ample accommodation

To

The Dewan of Mysore.

Dated Bangalore, 11th September 1894

Sir,

I am directed to acknowledge with thanks your Chief Secretary's letter of the 13th July 1894, communicating the orders of the Durbar suspending for the period ending the 31st December 1894 the operation of the Resolution of the City Municipality declining admittance into the Bangalore Maternity of patients from the Civil and Military Station.

2. In reply I am to forward for the information of the Durbar and for communication to the City Board, a copy of a Resolution passed by the Station Municipality, from which it will be seen that the Commissioners are willing to contribute towards the maintenance of the Maternity in meeting the cost of patients admitted into it from the Civil and Military Station, provided the orders excluding such patients after the 31st [redacted] December 1894 are withdrawn.

3. In communicating this decision of the Station Municipality, I am to express the Resident's hope that the City Municipality will be moved to reconsider their Resolution of the 6th August 1888 declining to contribute anything towards the maintenance of the Girdlestone Ward in the Civil and Military Station, which like the Bangalore Maternity may in future be open alike to patients from the City and the Station.

I have the honour to be,
Sir,

14. Read Letter No. 2666/232-94 dated 4th August 1894, from the Assistant to the Resident, forwarding for information and action, Copy of a letter from the Mysore Durbar, declining to admit into the Bangalore City Maternity patients for the Cantt and Military Station of Bangalore after 31st December 1894.

Proposed by the Residency Surgeon.

That the President put himself in Communication with the Resident in order to hasten the question of erection of additional buildings required for the Towering Cinnet Hospital, as it is of the highest importance that at a very early date, there should be a Maternity as part of the Hospital buildings, also that the President put himself in communication with Mr. Haji Ismail Sait, with reference to his promise to present such a building to the Station,

further

further that until such time as the Maternity is opened a grant be given by this Municipality to the City Municipality towards meeting the Cost of patients received from the Civil and Military Station, provided that the Mysore Durbar withdraw its order as regards the exclusion of patients from the Civil and Military Station after 31st December 1894.

SIR,

I am directed to acknowledge the receipt of your letter dated 11th September 1894, No. 3171/232-94, forwarding copy of the resolution passed by the Civil and Military Station Municipality, expressing its willingness to contribute towards the maintenance of the Bangalore Maternity, in meeting the cost of patients admitted into it from the Civil and Military Station provided the prohibition against the admission of such patients is removed.

2. In his letter dated 18th March 1895, No. 106, of which a copy

copy is attached, the President, City Municipality states that ~~sixty~~ 60 per cent of the patients resorting remitted to the Maternity are from the Civil and Military Station, and that they will be admitted hereafter The proportionate contribution due from the station municipality is therefore ~~sixty~~ 69 per cent of the total charges, which amount to Rs 4806

3 The City Municipality have also agreed to a contribution of Rs 400 a year for the up keep of the Gurdlestone Ward

4 Under these circumstances, I am to request the favour of your kindly taking such steps as may be necessary to cause the aforesaid contribution of Rs 2884 to be remitted to the City Municipal Board, as agreed to by the Civil and Military Station Municipality

Civil and Military Station

Bangalore 4th July 189

To

The President, Municipal Commission

Civil and Military Station of Bangalore

We the undersigned members of the Sub-Committee appointed to report on the question of the Contribution to be paid by the Civil and Military Station Municipality, towards the up-Keep of the City Maternity Hospital, submit the following report.

2. The Sub-Committee having been appointed, it was considered advisable that we should perso-nally confer with representatives of the city-ity, on the subject, Correspondence was therefore entered into, through the Resident, with a view to effect a meeting. Several dates were suggested for a meeting, but did not suit the convenience of all parties. Finally a day was selected by the President of City Municipality, and we all went at the hour fixed to the District office in the city. But owing to some misunderstanding, the

representati

representatives of the city Municipality did not attend but no meeting was effected.

3. As it seems to us that no particular advantage would be gained by the proposed meeting and that further endeavours to effect it would only cause unnecessary delay, we have discussed the circumstances among ourselves, and come to an agreement in our views, which we submit to the commissioners.

It is said that of all the patients treated in the city Maternity hospital, over 60 percent come from the Naval and Military station, and on this ground we have been asked to contribute 60 percent of the total cost of maintaining that hospital It appears however, that these figures include patients not only in the lying-in-ward, but also in the wards for special diseases of Women and children, such special diseases can be adequately treated in the Bowring Naval Hospital of this station We therefore consider that there is no necessity for this Municipality to contribute to the up-keep of another hospital for their treatment, or to raise any objection if they are entirely excluded from the city Maternity hospital

At

At the same time we would draw attention to the fact that, according to the information given us by the Residency Surgeon, about one seventh of all the patients treated in the Bowring Civil Hospital including the great majority of those who require Major operations to be performed come from the city or other parts of Mysore, outside the Civil and Military station. No restriction is placed on the admission of such patients, although no Contributions are received from the City Municipality or the Mysore Government. We are therefore of opinion that a liberal spirit of reciprocity should allow equally free admission of residents of the Civil and Military station to the city hospitals.

5. All that we wish to ensure now, however, is the proper treatment of lying-in patients for whom the hospitals of this station do not provide. As the number of these, who may seek hospital treatment may vary greatly from time to time, we consider that the fairest way of contributing to the cost of their treatment, is not by a fixed contribution based on the proportions of previous years, but by paying the actual expenses incurred

on their account by the city Municipality.

6. For this purpose we recommend that the city Municipality should be asked to agree to admit patients who are residents of the Civil and Military Station, to the lying-in-ward of the city maternity hospital on the following terms, viz that this Municipality should pay for them on a bill to be submitted, monthly, by the President of the City Municipality, at a fixed rate for each day that a patient remains in the hospital.

7. For the fixing of such rate, we consider that the city Municipality should be asked to inform this Municipality what is the average cost per diem of the dieting and treatment of inpatients in the hospital, and that this rate should be accepted. We are informed by the Residency Surgeon that the cost of maintaining in-patients in the Bowring Civil Hospital is ordinarily from 4 to 6 annas a day, and only in special cases, as much as 8 annas a day. We presume that the rates in the city Maternity Hospital would not differ greatly.

Sir,

With reference to Government Proceedings No. 1616 L.F.43-92 dated 1st August 1895 forwarding the opinion of the Members of the Sub-Committee of the Municipality of the Civil and Military Station regarding contribution to the City Municipality I have the honor to state that the offer made is very reasonable and may be accepted, Contribution of the actual cost of dieting and the proportionate cost of the Establishment need only

be paid by the Civil and Military Station Municipality. The dieting charges are expressly mentioned in their letter No

× dated 4th Jany 1895 referred to. I presume it is by an oversight that the cost proportionately of the Establishment is omitted.

Stating that the Municipal Comrs of the C & M Station propose that the cost of establishment of the City Maternity should be taken into consideration in fixing the average cost per diem per patient of C & M St to be paid by them and requesting that if the City Municipality agree to this the calculation may be made according to scale

Submitted for orders with reference

DPJ/SP/14/96

Subject to Secretary's
The C & M Station Hospital's proposal is that instead of a separate issue of a definite proportion of the Cost of establishment of the Maternity, the Cost of establishment may be taken into account in fixing the dietary charges of the C & M patients. This is given & money is accepted. Should we have to revise the Rendering of the Better Board's opinion.

Dated Bangalore, 9th April 1896

SIR,

I am directed to reply to your letter No. 7396 / L.F. 43-92 dated the 24th December 1895 on the subject of the contribution payable by the Civil and Military Station Municipality on account of patients from the said Station resorting to the City Maternity.

2. The Resident notes that while accepting the offer of the Station — Municipality to pay the actual dieting charges incurred on account of its patients in the Maternity, the City Municipality proposed that

that a proportionate cost of the establish-
-ment employed in that hospital should
also be recovered. The proposal has not
been accepted by the Municipal Commis-
-sioners for the Civil and Military
Station who do not think that they
should be asked to pay a definite
share of the cost of an establishment
over which they have no control - and
they have represented on a further
reference made from this office,
that the recommendation made in the
minute communicated with my letter
No. 2958 dated the 31st July 1895 (namely,
that patients from the Civil and
Military Station should be admitted
into the City Maternity and that the
Station Municipality should pay to
the City Municipality the actual expenses
incurred on their account for dieting
and treatment) is sufficient to include
any share of the cost of the establishment.
The Resident understands from this that

the

the Municipal Commissioners propose that the cost of establishment should be taken into consideration in fixing the average cost per diem per patient to be paid by them - and this appears reasonable. I am to request that if the City Municipality agree the calculation may be accordingly and communicated to this office.
